## NEW DAVID DELBRIDGE SINGLE, “I WARNED YOU,” DROPS ON FRIDAY THE 13<sup>TH</sup>.

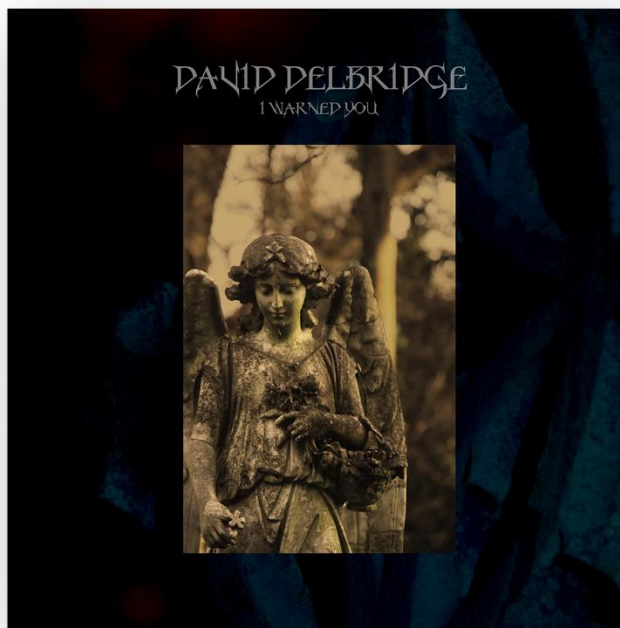

### The Electronic Rock Artist Calls His Musical Creation a “Post-Punk Anthem.”

INCLINE VILLAGE, Nev., Sep. 1, 2024 – Electronic rock musician, David Delbridge, announces the imminent release of his third single, “I Warned You” – in stores on Friday, September 13<sup>th</sup>. Following a pair of dark ambient releases, this will be the artist’s debut venture into dark wave / post-punk musical waters, featuring his vocals in distressed gothic rock form.

Despite its dark tone and lyrics, “I Warned You” is mainstream catchy, with pop production quality, a driving beat, crowd-pumping cheers, and an infectious hook / chorus.

Again, Delbridge exhibits his competence on all of the project’s instruments – electric guitars, electric bass, drums and, of course, analog synthesizers.

“I Warned You” will be available for digital download and streaming at most digital music outlets. High-resolution and/or surround (Dolby Atmos) listening will be available at select outlets,

More

including Apple Music, Amazon Music, Tidal, Qobuz, and Deezer. Spotify fans can pre-save the single at [delb.cc/X](https://delb.cc/X).

A music video, shot in London’s gothic Highgate Cemetery, will accompany the release, available for viewing at Apple Music, Vevo, YouTube, TikTok Music, Boomplay, and Tidal.

### **About Resort Records**

Established in 1994 by music technologist and entrepreneur, David Delbridge, Resort Records is an independent music production company, headquartered in Incline Village, Nevada. A technology leader, the company garnered early Internet design awards from Yahoo!, CompuServe, and Cool Sitings for its pioneering interactive website, claiming the distinction of first indie label website to vend downloadable MP3s.

### **About David Delbridge**

David Delbridge is an American musician, composer, and record producer whose electronic rock music has been called “cinematic industrial” in style. He studied computer science at the Pennsylvania State University and music business and technology at the Berklee College of Music. He is a multi-instrumentalist and DIY-musician – he single-handedly writes, produces, and markets music through his own Resort Records label. His recording studio is The Resort at Lake Tahoe.
